

A BOMB FOR FAURE AT FRENCH CAPITAL

THE SECOND ATTEMPT TO TAKE HIS LIFE.

Parisian Revolutionists Again Busy—Made a Clumsy Attempt to Assassinate the President of France While Riding in Bois De Boulogne—The Would-be Assassin Arrested.

Paris, June 14.—An attempt was made Sunday to assassinate Felix Faure, president of the French republic, while he was en route to Longchamps to witness the Grand Prix. While M. Faure's carriage was passing a thick net near La Cascade restaurant, in the Bois de Boulogne, a bomb exploded. It proved to be a piece of tubing about six inches long and two inches in diameter, with a thickness of half an inch. It was charged with powder and was shot.

No one was injured by the explosion. A man in the crowd, suspected as the

PRESIDENT FAURE.
prime mover, was arrested. He gave his name as Gallet. Gallet said that he had no occupation, but resided at Levallois-Perret. The police are making a thorough search of his lodgings. He is believed to be insane, for he shouted as the carriage passed along so loudly as to attract general attention in the crowd. The police also arrested a youth, but it is thought probable that the actual culprit escaped.

The news spread like wildfire through the city, and when M. Faure returned to the Elysee the streets along the route where it was known he would drive were crowded with people who cheered him vociferously.

The bomb was a clumsy made affair, to which a piece of fuse was attached, and the fuse was probably lighted by a paper fixed in the end of a stick. The presumption is that at the moment the fuse was lighted the culprit fled, and in any case the bomb could not have done much harm.

In the thickest where the police found the remnants of the bomb they found a pistol on which were engraved the words "Mort a Felix Faure," and the names Alsace-Lorraine and Cologne. Near the pistol was a small dagger bearing a similar threatening inscription, and a few feet away the police found a newspaper with a cartoon grossly insulting the president. This contained an offensive inscription hinting at the execution of M. Faure.

The attempt on the life of M. Faure was made on the very spot where Berzowski tried to shoot the czar while driving to the military review at Longchamps in 1867, and where Francois, a lunatic, fired his revolver at M. Faure July 14 last. Having this in mind, the police took extra precautions. Special officers were detailed to watch suspects and to search houses known to be the resorts of dangerous characters. It is a curious fact that Saturday the Petite Republique Francaise published a statement declaring that the police were busy organizing an incident for M. Faure's visit to Russia, suggesting that a nimble clown would be dressed in rags and jump upon the step of the president's carriage, brandishing a homicidal weapon.

It is rumored that the prefect of police has information connecting the Paris anarchists with the outrage, but it is generally believed that the act was the act of a madman rather than a conspirator.

Brussels, June 14.—A great demonstration was held here Sunday by officers in favor of a reorganization of the army and the abolition of the system of military substitutes. A large deputation, headed by General Brialmont, went to the palace, where King Leopold received them, and in the course of a patriotic speech declared himself a convert to their proposals.

Pittsburgh has fallen from third place to a tie for seventh, losing ten games and winning one. Cleveland, which shares seventh place, has done little better with two games won and eight lost. Louisville has been on the slide, losing nine games while winning three. St. Louis has done about as well as expected, winning two games and losing thirteen. Standing of the clubs:

Panic in a School House.

Buffalo, N. Y., June 14.—A panic occurred in a Polish schoolhouse in Broadway Sunday night. A church entertainment was being held, and 1,500 people, principally women and children, were present. A hanging lamp fell, and a cry of fire was raised. Men, women and children rushed, crowded and stumbled and trampled over each other in their efforts to reach the exit. No one was fatally injured, but a large number of women and children were bruised. The fire was soon extinguished.

Hawaiian Question Gives Trouble.

New York, June 12.—A special to the Herald from Washington says: "The Hawaiian question, in its various aspects, bids fair to give the administration almost as much concern as the Cuban difficulty. The result of the republican senatorial caucus this week will have an important bearing on the question of the proposed treaty of amity, and if it should be decided to take action looking to its abrogation it would greatly increase the efforts of the annexationists."

Calhoun May Succeed Taylor.

New York, June 14.—A dispatch from Nashville says that ex-Commissioner Calhoun, who went to investigate the Ruiz case and the general condition of things in the Island of Cuba for President McKinley, is the man who he is most likely to name for minister to Madrid, and not General Stewart L. Woodford.

English Train Derailed.

London, June 14.—An excursion train, while on its way from Barmouth to Oldham, was derailed at Walsingham, near Oswestry, at midnight last night. Nine persons were killed and 25 were injured.

FUED ENDS FATALLY AT BUNKER HILL

SENSATIONAL SHOOTING AFFRAY IN ILLINOIS.

Mayor Richards Shot and Killed by Capt. Hedley, Editor of The Gazette—Politics the Original Cause of the Trouble—Self Defense Claimed and Developments are Expected.

Carlinville, Ill., June 14.—Bunker Hill is in mourning for Mayor John R. Richards, and Capt. Fenwick Y. Hedley, editor of the Bunker Hill Gazette, is accused of the murder.

A feud of many years' duration ended Saturday noon, when the two men met in the street. After a few angry words had been passed Hedley shot Richards. One bullet wounded his arm. The other passed through his liver and lodged in the spine. His wound caused his death six hours later.

Hedley's friends and witnesses of the shooting assert that it was done in self-defense. In extenuation of the act it is said, also, that several times in the past Richards had insulted the editor and twice knocked him down. Hedley had not retaliated. Richards was a powerful man of 250 pounds weight, whereas Hedley is slight and small, weighing about 140 pounds.

Hedley at once delivered himself to the authorities and was brought to this city and placed under bond of \$2,000. His attorney, ex-Congressman John I. Rinaker, took him in charge and refused to allow him to make any statement, save that he did the deed in self-defense.

Coroner Hart impaneled a jury and a verdict was returned holding Hedley for a preliminary examination. It will be held today. A sensational defense is expected to be offered.

The trouble between the men started with politics. They were Republicans and the leaders of factions. Their differences during the last campaign were partly patched up through the intervention of friends, who induced them to sign an agreement containing stipulations, one of which was that they should speak to each other in public.

At the spring municipal election Mr. Richards was a candidate for mayor. Capt. Hedley also desired the nomination, and so announced in his paper. After powerful pressure he was induced by Mr. Richards' friends to withdraw, doing so reluctantly.

Capt. Fenwick Y. Hedley was born in Berwick-on-the-Tweed, Scotland, in 1844. The family came to America in 1848, settling in St. Louis, Mo., whence they removed to Carlinville, Ill. The man who killed Mayor Richards received his education in the public schools and in Blackburn university, and from 1856 to 1861 worked in a printing office in Carlinville. At the breaking out of the war he enlisted, at the age of 17, as a private in the 32d regiment, Illinois volunteers, and participated in the engagement of Fort Henry, Shiloh, the siege of Vicksburg, siege of Corinth and all the engagements of the western army. In 1864 he re-enlisted and served with the same regiment in Gen. Sherman's campaign. He became adjutant of the regiment. For a period he served on the staff of Gen. (afterward secretary of state) Walter G. Gresham. Later he was assigned to duty as acting assistant adjutant-general to Gen. Stobrand, and before being mustered out he was breveted captain for gallant service.

He settled at Bunker Hill and in 1866 began the publication of the Gazette. Richards was wealthy and several years ago removed to Bunker Hill from St. Louis. He endeavored himself to his townsmen by his liberal donations toward public improvements and his progressive movements for municipal reform.

THEY WILL KEEP THESSALY

Sultan Appeals to Russia and Germany To Back Him.
London, June 14.—The Times correspondent at Constantinople says: "The Sultan has appealed to Emperor Nicholas and Emperor William to support his claim to annex Thessaly to the Ottoman empire. This proceeding highly displeases the ambassadors of the other powers, who are expected to mark their displeasure by refusing to negotiate the other points in Turkey's demand until the evacuation demand is settled."

It is understood that Saturday's peace conference at Constantinople was regarded as satisfactory by the ambassadors, but the Sultan's direct appeal to Emperor William is again delaying matters.

The Turks have already begun to gather the harvest in Thessaly.

Many Lives in Peril.

New York, June 14.—A train of eleven cars on the Sea Beach railroad, crowded with passengers from Coney Island, crashed into an obstruction on the tracks Sunday night at Fifth avenue and Sixty-fifth street, near the Fifth avenue tunnel. The train was running slowly at the time and fortunately no serious damage was done. It was found that several heavy steel rails had been placed across the tracks and strongly braced with several other rails, and it appeared to the detectives and the train people to be a deliberate attempt to wreck the train.

WORK OF CONGRESS FOR WEEK COMING

LEGISLATIVE PROGRAM FOR NEXT SEVEN DAYS.

Senate Will Continue Work on the Sugar Schedule of the Tariff Bill—House Will Do Nothing But Meet Formally and Adjourn—Uphold the Sugar Trust.

Washington, June 14.—The sugar schedule of the tariff bill is expected to continue to be the subject of consideration in the senate for the next day or two. The Hawaiian treaty and anti-trust amendments are still to be disposed of and both will excite considerable debate. The republican senators in caucus Saturday failed to reach any agreement on the Hawaiian reciprocity treaty, and finally decided to refer the matter to the republican members of the committee on finance to formulate a proposition which shall be submitted to a future caucus if not satisfactory to all. The republican managers now hope that the debate in the senate will be concluded within the next two weeks, notwithstanding less than one-third of the bill has been gone over. They have secured an agreement with the democrats that the sessions shall begin at 11 o'clock each day, instead of 12, after Wednesday next.

The house probably will continue its policy of adjourning from Monday over to Thursday and from Thursday until the following Monday. No business will be done and the sessions will be merely perfunctory.

UPHOLDS THE TRUST.

Louisiana Senator Sees Good in the Great Monopoly.

Washington, June 14.—The sugar schedule was again the subject of the Democratic assaults Saturday in the senate. Practically no progress was made. Only one amendment was voted upon, and that was defeated. When the senate adjourned the amendment of Mr. Lindsay of Kentucky to strike out the differential on refined sugar was pending. Mr. Vest tried early in the day to prod the republicans into a detailed defense of the schedule, but they declined the challenge.

The most sensational feature of the day was the speech of Senator McEnery of Louisiana. It was his maiden speech in the senate. He openly avowed himself a protectionist, and as a Democrat justified his position upon the ground that tariff views should not constitute a test of Democracy. He, moreover, defended the sugar trust, whose interests, he argued, went hand in hand with the sugar planters.

Referred to Committees.

New York, June 14.—The only action taken Saturday at the meeting of the general council of the Reformed Episcopal Church bearing upon the vestment question was to refer to the respective committees, with power to fill vacancies, the resignations of the five delegates which had been handed in as a protest against the vote opposing the white robe. This was done to give those who followed Bishop Cheney in withdrawing from office an opportunity to reconsider their action.

Denies He Is Out for Governor.

Peru, Ind., June 14.—S. E. Nicholson, the noted temperance and reform legislator, was in Peru Saturday, and in speaking of the many rumors of his future political aspirations made an emphatic denial that he is a candidate for governor of Indiana and is making his present lecturing tour in the good citizenship cause to further his interests in that way. His statement also covers the report about his congressional aspirations.

Wreck on the Cotton Belt Road.

Stuttgart, Ark., June 14.—A wreck occurred on the Cotton Belt railroad nine miles southwest of here Saturday night at 7 o'clock. A local freight was ditched on account of a culvert burning out. The engineer and fireman jumped and saved their lives. Six cars were wrecked and burned. Two tramps who were stealing a ride were injured and one riding the rods under a car was smothered and burned to death.

Killed Her Husband.

Little Rock, Ark., June 14.—Near Tillar, Ark., Saturday, Mrs. P. A. Wilson killed her husband, beating his brains out with a hammer. After committing the deed Mrs. Wilson surrendered to an officer. According to Mrs. Wilson's story she and her husband lived unhappily and her husband had often tried to persuade her to commit suicide with him.

Strike Closes a Big Mill.

Reading, Pa., June 14.—The management of the Reading Iron Works has decided to close its tube mill indefinitely. By this over 1,000 men will be thrown out of employment. The cause of the shutting down is that the men in the other departments, upon which the tube mill is dependent for iron, are on a strike and the supply has run out.

Murray Is Taken Back.

Ottumwa, Iowa, June 14.—The sheriff arrived Sunday morning from Burlington, Vt., with "Buck" Murray of Chicago, alleged to be the leader of the gang which robbed the Eldon bank. Murray is in jail here.

THE FREE SONS OF ISRAEL

Grand Lodge of the Order in Session at Chicago.

Chicago, June 14.—The Grand Lodge of the Independent Order of Free Sons of Israel of the United States assembled in quinquennial convention Saturday morning at 10:30 o'clock in the banquet hall of the Auditorium. Ninety-seven delegates, representing as many lodges out of 104, were present. They came from all sections of the country.

The most important question to engage the convention will be the reducing of the assessment. That it will be reduced is a foregone conclusion, but how much is a matter to be determined by the body. In his message Grand Master Harburger recommends a reduction of from 25 to 50 per cent. It will be a knotty problem to solve, as the opinions of the delegates vary. The election of officers will be held on the last day. Grand Master Harburger and Grand Secretary Goldsmith will be re-elected.

Watching for Filibusters.

Washington, June 14.—The treasury department has received by reference from the secretary of state a communication from the Spanish minister, saying he has information that an important filibustering expedition is being organized on the coast of Florida, and asks that steps be taken by the government to frustrate it. No particulars were given, so the only action that could be taken by the department was to communicate this information to all collectors and master of the post-offices on the Florida coast, with instructions to be on the alert to prevent the departure of any suspected expedition. This was done by telegraph.

Calls It a Canard.

Madrid, June 14.—There is much comment here over the published statement that President McKinley will send a note to Spain, in which he will not only demand money indemnity but "international satisfaction" for the treatment accorded Americans in Cuba, the object being to frighten Spain into accepting intervention. All Spanish parties declare that Spain can not admit foreign intervention nor negotiations dealing even hypothetically with the independence of Cuba. Premier Canovas said in an interview: "The alleged McKinley note is probably a canard invented by the filibusterers."

Death in a Theater in Paris.

Paris, June 14.—A fire occurred Sunday night in a theater at Neuilly, a suburb of Paris, while a fete was being held there. The flames spread to five adjoining booths, which were completely destroyed. A panic followed the outbreak of the fire, and in the rush to escape fifty of the spectators were thrown down and trampled upon. Twelve actors were very seriously injured, and it is believed that three of them will die. Following so close upon the charity bazaar fire, the news of this affair has caused emotion here.

New York, June 12.—The weekly bank statement shows the following changes: Reserve, increase, \$2,280,650; loans, increase, \$1,810,000; specie, decrease, \$43,000; legal tenders, increase, \$3,287,600; deposits, increase, \$3,855,400; circulation, decrease, \$70,000. The banks now hold \$47,601,475 in excess of the requirements of the 25 per cent rule.

To Honor an Explorer.

London, June 14.—The memorial of Joseph Thomson, the explorer, at Thornhill near Dumfries, Scotland, is nearly ready. It is a broken obelisk, on one side of which, in a panel, a figure of Fame holds up a map of Africa, palm trees and Mount Kilimanjaro filling up the background. On the obelisk's Thomson's bust.

Judge Roberts Gives In.

Ottumwa, Iowa, June 14.—Judge Roberts granted the petition of the members of the Ottumwa bar, and ordered that the case of Jesse Hamilton, the Eldon bank robber, be put on the docket for a new hearing at the September term of court.

MARSHAL BUCKLEY COMMITTS SUICIDE

WELL KNOWN MILWAUKEEAN SHOOTS HIMSELF.

Had Been an Employee of the Government for Twenty Five Years—No Cause For the Act Can Be Assigned—Jury Not Secured to Try Porter Ross.

Milwaukee, Wis., June 14.—[Special] Deputy United States Marshal William Buckley committed suicide this morning at his residence on Ivanhoe Place, by shooting himself behind the right ear, with a revolver.

Buckley was at once removed to St. Mary's hospital, where physicians probed the wound, for the purpose of extracting the bullet, but he died at noon.

No cause for his action is known.

He said he had been in Oshkosh for several days past, with a grand jury. Friends of his state that he had been drinking quite heavily of late.

THEY ESCAPE FROM A MINE

Fire Destroys the Colliery of the Torry Coal Company.

Clinton, Ind., June 14.—The immense colliery of the Torry Coal Company, operated at the town of Geneva, was totally destroyed Sunday afternoon by fire. The fire originated in the roof and all the timbers being dry and saturated with oil, the flames spread with frightful velocity and were soon beyond all control or resistance.

Fifteen men were down in the mine, but they were all saved by taking them out through a different route than the main shaft. Eight cars were on the side track, two of them loaded. These took fire and burned rapidly. Near the fire was a large powder magazine containing 400 pounds of dynamite and one-half car load of giant blasting powder. By heroic effort on the part of the miners this explosive material was carried beyond the danger point.

The plant gave employment to over 200 men and all are now thrown out of employment. The total loss is not known, as only \$12,000 insurance was reported, but will probably reach \$50,000. It is not known whether the works will be rebuilt.

THREATEN MAJOR SHOCKLEY

Developments Regarding the Explosion at the Leavenworth Home.

Leavenworth, Kas., June 14.—Since the explosion at the Soldiers' home it has developed that the life of Maj. Shockley, the president of the home, was threatened by Joseph W. Oliver, the veteran now under arrest for placing the dynamite bomb near the Smith residence. Oliver's pension had been held back, and he made the threat last Saturday in the presence of Dilwyn Packer, Shockley's chief clerk.

The national board of managers of the Soldiers' home is expected to arrive here Tuesday on its annual tour of inspection and to make arrangements for the transfer of Gov. Smith to the Pacific branch at Santa Monica, Cal. Gov. Smith stated that nothing would be done toward clearing up the wreck of his residence until after the board had viewed it and made arrangements for rebuilding the shattered structure.

Indians Are Acting Ugly.

Regina, N. W. T., June 14.—The irritation among the Indians in consequence of the killing of Almighty Voice and his companions by the mounted police is assuming an ugly shape. Fifteen Indians have attacked the farm of Mr. Gordon, between Saskatoon and Duck lake, and have killed all the cattle in the corral. A detachment of the Northwest mounted police left Regina to proceed to the spot by train. They will join a second detachment at Nut Lake. It is believed that the instigator of the outrages is a family connection of Almighty Voice, called "Almighty Voice's Brother."

Baptist Church.

Rev. C. E. Price of Minneapolis, preached at the Baptist church yesterday. In the morning his text was Psalm 36:9. Subject: "The Fullness of Life." The psalmist turns from sinful man to the wonderful love of God which helps men to do all that is right. We may not define life, but we may look at the highest type of life, the spiritual life. We get some idea from the rich words used in our religious conversation, but not all. We don't understand the fullness of their meaning. There is much formality, but it is not spiritual life. There is much formal belief but there is no life in it. There may be much feeling but it is not true spiritual life.

The spiritual life is the christian's

No Gripe

and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists, 25c. C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

touch with God. It will take some definite form of expression or worship. The true christian will want to express his spiritual life by being in the prayer meeting and Sunday school. In his place in the church. God will rule his whole life.

There is a Godward side of every man and true life in the expression of life. It is not a mere sentiment. It is a life.

If the world can explain your life, you are not in a very close touch with God, for spiritual life is not explainable.

Again spiritual life is the real life. There is a power in the christian life that is not to be explained but it rules the whole life of the man. It is not our circumstances or our place in society but it rules the whole life of the man. It is not our circumstances or our place in society but it is that which comes to us when we are in touch with Christ. Christ rules within us. Spiritual life gives power to do work for the master. It is more vigorous. It helps us to bear our sorrows and trials.

We may deepen this spiritual life by getting a clearer conception of God. Study the Book and you will know him better. Live and work for him and you will know him better. The growth may be slow but it is sure. We need to emphasize these thoughts God and self will always remain. How important that these two be reconciled and live together.

God will use us if we will but let Him control our abilities and power. Let these thoughts control our lives, and may we grow in the true spiritual life that is alone found in Christ.

The Y. P. S. C. E. was led by B. E. Dunwiddie, the subject being "The Best Way to Study the Bible."

For his evening subject Mr. Price took his text from 1 Cor. 1:24, "Christ the Wisdom of God."

Christ Church.

"Grow in Grace and in the Knowledge of our Lord and Saviour Jesus Christ" was the text taken by Rev. A. H. Barrington, at Christ church last evening.

He dwelt on the thought that we should make religion a part of our daily life; that it would be special help to all to carry the teachings of Christ in all our worldly affairs.

When a man comes into the kingdom of Christ on earth he should increase continuously through the help of Christ who gives us his grace, without which our efforts would be in vain.

We receive that grace through the Holy Sacraments, and by prayer and by reading his words. And in that way also given "in the knowledge and love of him." Too many regard him as being afar off, and it is only when we know him so as to feel the need of him in our daily life, and realize that he is indeed near us that we obtain the fullness of his grace. And when we learn to know him and feel the need of him may we try to show others how much they too need him.

PIONEER PREACHER IS CALLED TO REST

REV. JAMES RAYMAN POPE IS NO MORE.

Came to Rock County in 1839 and Shared the Privations of the Hardy Settlers Who First Located Here—Got \$42 For a Year's Preaching.

Rev. James Rayman Pope was born Wintondbury parish, Windsor, Conn., May 13, 1819. His parents moved to what was then the "far west," Broome county, N. Y., when he was five years of age. There he grew to manhood. His father, a leading physician, died when James was only fifteen, leaving nine children. James being the seventh son. In 1839 he came to Wisconsin, making his home with his brother Anson W. Pope, Anson W. and Virgil Pope having come to Wisconsin four years earlier. These brothers were all strong men, having inherited these traits from long lines of Puritan and Quaker ancestry. When 22 years of age he commenced studying with Mr. Knowlton of Janesville. The town had made rapid strides in the two preceding years and the four buildings of '39 had in '41 become an enterprising little hamlet. A year after entering the law office he became a christian, and concluded that his life must be spent in the pulpit instead of at the bar. The first years of the ministry were full of toil and privation. One year he received \$42 as against \$1 500 offered him in a business position in Janesville. Ordained to the ministry in the Free Baptist denomination in 1848, he continued steadily in the work until three years ago, most of the time in southern Wisconsin. He baptized about 250, organized five churches, and the number of marriages solemnized and funerals attended, was very large. His was a quiet life, but one of great power. Steadfast and trustworthy, slow to anger and wise in counsel, he was sent for in troublesome times by his denomination, more than by any other minister of his day.

When he had to give up the work on account of poor health, he still retained his interest in all things religious. His sympathy for his brothers and sisters was great and nothing could cause him to feel more deeply than for a church to use any slighting expression in regard to their pastors, or to criticize him among themselves.

He would say, "If you must speak of your pastor's faults, speak to him and not to others."

In 1851 he was married to Justina V. Miller, a daughter of Cornelius Miller of Harmony, and was also one of the pioneers of the state, having settled two miles east of Janesville in '45. He always attributed much of his success in the ministry to her influence and assistance. During the last five years he became very dependent upon her. He could not bear that she should leave him even for a few minutes. His suffering was so intense at times that he was very anxious to go home and often said, "If I could only take Mrs. Pope, I would want to go tonight." He chose his text Hebrew 4:15, his hymns and Rev. J. C. Steele of Johnstown, to preach his sermon long before he died. Rev. Steele was assisted by Rev. C. W. Dennis of Emerald Grove.

He died at his home in Clinton, Wis., and was laid to rest in the Clinton cemetery. His son and other relatives carried him to the tomb and he was buried beneath a profusion of flowers, contributed by loving friends. He leaves a widow and two children a son, S. C. Pope, of Lake Mills and a daughter, Miss Linda E. Pope of Clinton.

LONG RUN FOR SMALL FIRE.

Thomas Radigan's Residence Damaged to the Amount of \$25.

The fire department had a mile and a half run yesterday afternoon at 3:30 o'clock, when they responded to an alarm that called them to Thomas Radigan's residence at the corner of Western avenue and Emmett street. From some unknown cause fire had got a good start in one corner of the house on the outside, and had eaten its way through the boards and was on the inside of the partition. When the fire department arrived it took but little water to quench the flames. The house is a two story building, and is unoccupied. It was insured for \$800 and \$25 will cover the loss.

TWO SATURDAY NIGHT FIGHTS

One Was Catch As Catch Can—Brown Stopped the Other.

A catch as catch can fight occurred in front of Ryan's saloon on West Milwaukee street Saturday night, and two knock downs were scored.

Officer Brown put in an appearance at 12 o'clock Saturday night just in time to stop a fight that was well under way at the corner of Main and Milwaukee streets.

A Matter of Interest To Travelers.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal feast against unwholesome influences, upon which they can implicitly rely, since it prevents the effects that an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages, or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventive of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

An Ideal Standard....

We manufacture Pianos not only as a commercial end to the gaining of money but also for the glory of a reputation of making the best Piano in the world if possible.

We would rather make one Piano a year with its attendant fame if it should be recognized as the best Piano ever built than to make a thousand inferior instruments without the reputation.

We build a Piano as an artist paints a great picture—to create a thing of artistic qualities.

Our standard is an ideal one. We urge the musical profession to examine our instruments and see how near we approach it.

DIDN'T LOOK FOR IT.
Words From a Stranger Smoothed the Way.

An elderly gentleman of fine presence sat in the business office of one of the largest grocery stores in an eastern city, engaged in social converse with one of the proprietors. They were old friends, and were renewing the old friendship.

A salesman came into the office and presented his business to the grocer, handing him a card showing a table set with vands; while the words "Postum Cereal" and two red disks appeared underneath.

In a few words the salesman stated that his firm was desirous of having the grocer handle Postum Cereal Food Coffee in a large way. The friend and visitor suddenly spoke up and said, "Well, if you never sold that, you have missed a good thing. We use it at home, and I have drunk it for four months past in the place of coffee because coffee disagreed with me. People in my town use the food drink quite universally, and you can depend on my word that it is pure, nourishing and healthful. It is made in Battle Creek, Mich., wholly of grains, and while it looks and tastes like coffee, has none of the harmful effects of coffee."

One can easily imagine that the good words helped the salesman in his introduction, and impressed him with the value of a good name and reputation.

The above occurrence happened exactly as given.

There is but one genuine original Postum Cereal Food Coffee, with a multitude of imitations offered as "just as good."

BELOIT TO DON GAY GARB

College Anniversary Celebration Suggestion Is Made by Free Press.

The semi-centennial celebration of Beloit college occurs June 21-23. Fifty years ago this college laid the foundation not only for a great school but for this beautiful city; from it sprang an early and substantial growth, that afterwards brought forward the men who have since been most prominent in its commercial and manufacturing interests, says The Free Press. Would it not be eminently fitting and proper for our city council to take some action of public recognition of this celebration.

Business enterprises and factories have come and gone, succeeded and failed, but Beloit college for fifty years has remained steadily advancing, and has paid out in the city of Beloit during this time more than two million dollars. Could not the mayor issue a general proclamation, naming an early day next week requesting every citizen to clean up his yard, mow his grass and fix up his street and carb lines in the street to whatever extent he is able, and further request that at a certain hour in the day every one rake up the stones and clean the street in front of his own premises. An hour's work on the street in front of each one's place done simultaneously by all our people would improve and beautify the whole city almost beyond belief. If everyone, say from five to seven on the given day, take hoes, shovels and rakes in hand, the whole city would be cleaned as by magic. It is expected that Beloit people will keep open house during commencement week and give entertainment to all alumni, former students and friends of the college.

Horace White, editor of the New York Post, a son of the original and chief founder of the village of Beloit, will be prominent in commencement exercises. His father gave the city both our parks. Very many other distinguished guests from all over the country will be present. It will be for Beloit's material interest that she present herself in her most tidy form and help in this entertainment.

Aide from showing a mark of respect and appreciation for so great an event the city itself will reap a substantial benefit in its influence over strangers who may be looking for a pleasant home to buy and locate in. A large number of our citizens have moved to Beloit and improved property as a result of some visit or attendance at college commencement, when they were struck by her natural beauty and her great educational advantages. We will not have such another chance for fifty years.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va., and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done and my friends were fully convinced that nothing but death would relieve me of my suffering. In June 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm, the swelling began to decrease, the pain to leave and now I consider that I am entirely cured. AIDED BY X-RAYS

Women Who Suffer Confide In a Woman.

The reason why so many women suffer in silence from the disorders peculiar to their sex is that they cannot bear to broach the subject to a man even if he is a physician. This is one reason why Dr. Anna Melville's parlors, at 105 South Main street, have been so crowded. Consultation with her is free from embarrassment and her advice is based upon years of experience in one of the largest of the New York sanitariums. More than that she has wonderful resources in her

X-Ray and Static Electricity Apparatus.

By the aid of the X-Rays she is almost infallible in her diagnosis of disease and is able to tell visitors frankly and candidly whether they can be benefited. Her apparatus enables her to cure cases that medicine fails to help in the slightest degree.

TUMORS.

She has had wonderful success in causing the absorption of Tumors without pain or cutting. A large number who applied have let their cases go too long until they have become incurable. These Dr. Melville does not treat, but advises kindly. But many have gone to her thinking they never could enjoy a well day again and are now rejoicing in returning health and strength. A consultation costs nothing and may save years of suffering or perhaps your life. Don't let prejudice rob you of reason.

DR. ANNA MELVILLE.

105 S. Main Street,
Dr. Anna Melville's schedule for the self-diagnosis of disease to all who apply personally, or by letter—closing stamp for postage. It has brought light to many sufferers from chronic diseases.

THIS DAY IN HISTORY

- 1645—Battle of Naseby.
1777—First form of American flag decreed by congress.
1800—Battle of Marengo; death of General Louis Desaix.
1801—Benedict Arnold died in London; born in Norwich, Conn., 1741.
1807—Battle of Friedland and culmination of the power of Bonaparte. At Friedland Napoleon defeated Russia and compelled her army to retreat. The results of this victory were treaties with both Russia and Prussia, the strongest enemies of France.
1811—Harriet Beecher (Stowe) born at Litchfield, Conn.
1888—Mary N. Prescott, author, died near Newburyport; born in Calais, Me., 1849.
1894—John Duke Coleridge, lord chief justice of England, died in London; born 1821.
1896—Rev. Alonzo A. Miner, D. D., pastor emeritus of the Second Universalist church of Boston, also a prominent prohibitionist, died in Boston; born 1814.

Secretary Bliss has put himself on record as believing with President McKinley and Secretary Gage that good times are only a little way ahead of us. He says of the business situation: "I find a condition prevailing in business that is a good sign. Business has not greatly improved, but there are evidences that it will, and everybody wants it to." Of the tariff outlook Mr. Bliss says: "When it comes out I think it will be the best tariff bill we have had on the books in a generation, and the best working tariff also."

The papers which condemned republicans of Chicago for introducing national politics into their judicial campaign, did not consider the situation. The national issues were injected by free silver men before the republicans took any action. The Chicago silverites have a way of making elections even for assessors and aldermen turn on the 16 to 1 doctrine, and it would be hard for republicans to keep national politics out of any campaign.

Secretary Sherman is the last member of the cabinet who has, according to the sensation mongers of the press, made up his mind to resign. Having now guessed them all, the sensationists will say "I told you so" should any member of the cabinet retire before March 4, 1901, and this is what "yellow journalism" calls "enterprise."

A Chicago woman asks to be divorced from her husband as many times and in as many ways as she possibly can, which suggests that ordinary divorces cannot suffice much longer to keep Chicago interested.

Congressman Bailey of Texas, can hardly be accused of underrating himself after the candid announcement of his double-barreled candidacy for the speakership of the house and for the senate.

The republicans of New York will see that the democrats are not allowed to carry out their cowardly program of ignoring Bryanism and the Chicago platform, in this year's campaign.

The man who buccoes poor people out of the payments they make to secure fictitious agencies, is entitled to something warmer than a Janesville June.

The telegraph tolls paid by some newspapers is out of all proportion with the Cuban news purporting to be telegraphed from Key West that they print.

If anything can delay the prosperity that will surely follow the republican tariff it is the utterance of calamity howls by men of business prominence.

Mr. Bryan finds the home demand for his lectures a little slack, so he has gone out to talk to the Canadians.

Michigan Endeavorers' Work.

Adrian, Mich., June 14.—The Saturday morning session of the Methodist Christian Endeavor convention was held in Adrian College, a song service being conducted by Peter Bilhorn of Chicago. The afternoon was devoted to junior work, after which these officers were elected: President, Prof. Palmer, Adrian; vice president, Rev. L. Randall, Washington; secretary-treasurer, Miss Mary Moulle, Greece, N. Y.; junior superintendent, Mrs. J. Zirckell, Pittsburg.

Buildings Lose Roofs.

Caldwell, Ohio, June 14.—A terrific wind and hail storm passed over this place about 3 o'clock Sunday afternoon. Many buildings were unroofed and hundreds of windows were broken by the hailstones. The roof of the Free Methodist church at Perryopolis was blown off while a meeting was in session, but no one was injured. The hail stripped orchards of their leaves and did an immense amount of damage to crops.

TOOK RUUN'S WATCH AND \$22

Man Who Had a Judgment Against Him Gets Chastels.

By a decision in the circuit court this morning Martin Ruun parts with his \$22 50 in cash and his gold watch. The case grew out of a judgment held by C. H. Griffin against Ruun and was the outgrowth of the sale of the saloon in the Armoiy block some months ago. Griffin took judgment against the defendant on May 14 last for \$237.18. Ruun was then brought before Justice Patten on May 20, on supplementary proceedings, when it was discovered that he had \$22 50 in cash and a gold watch. There he was ordered to turn over to the plaintiff. An appeal was then taken to the circuit court and Judge Bennett today sustained the decision of the lower court. J. J. Cunningham appeared for the plaintiff, while Whitehead, Matheson & Smith represented the defendant.

Other Court Cases

A judgment of divorce was granted in the case of Jennie Wheelock vs. Frank Wheelock.

Judgment of foreclosure was ordered in the case of James Menzies vs. Sarah A. Clyde et al. in the sum of \$495.39 damages, \$25 attorneys' fees, and costs taxed at \$77.50.

In the voluntary assignment case of A. Fuerman Brewing company the court ordered that assignee be authorized to sell and transfer the note and mortgage described in the affidavit.

In the case of the Old Hickory Chair company vs. Frank D. Kimball a motion for a new trial was overruled.

MADE A CENTURY YESTERDAY.

O. Sutherland and J. G. DeLong Cover 100 Miles in Fast Time.

In spite of the excessive heat of yesterday, Orison Sutherland and J. G. DeLong made their weekly century run.

They selected Oconomowoc for the end of their trip, going via Whitewater, Sullivan and Rome. They left the city at 4 o'clock and covered their first 50 miles in 3 hours and 55 minutes. They arrived home at 2:55 in the afternoon. Mr. Sutherland says that of all the century runs he has made, yesterday's ride, on account of the heat, proved the hardest.

Harry Gifford and Percy Munger made the trip to Palmyra, covering the entire distance in fast time.

Claire and Fred Capelle rode their tandem to Koshkonong.

HUGH DAVEY IS INJURED.

While Coupling Cars in the C. M. & St. P. Yards.

While coupling freight cars in the St. Paul yards in this city at 10:30 o'clock yesterday morning, Hugh Davey caught two fingers of his left hand in the bumpers, and they were painfully crushed. He was taken to the office of Dr. E. E. Loomis where his injury was dressed. It is not thought that amputation will be necessary. Davey is a resident of this city, and has been employed by the company but a short time.

THE END OF EARTH'S CARES.

Mrs. John Murray.

The death angel entered the home of John Murray and family, South Franklin street, Sunday evening, just as the church bells were chiming the hour of seven, and called away to the land that knows no sorrows, the joy of the household, a devoted wife and loving mother. Mrs. Murray was stricken with apoplexy on Tuesday evening, and in spite of all that willing hands and loving hearts could do she was called on high to Him who gave her. She was an early settler of Wisconsin, having come with her husband from New York to this state in the year 1855, since which time she has resided here. She was sixty-three years old at the time of her death. She was held in high esteem by all who knew her and her sudden death is indeed a sad blow to those left to mourn her loss. Besides a husband she leaves four sons and three daughters all of this city. Funeral services will be held from St. Patrick's church Wednesday morning at 9 o'clock.

Edward Henry Schumacher.

Edward Henry Schumacher, aged five months, son of Mr. and Mrs. Henry Schumacher of the town of Janesville, died this morning at 1:30 o'clock of pneumonia. The funeral will be held Wednesday at 1 o'clock p. m., from the home. Rev. C. J. Keorner will officiate.

The death of the babe is a sad blow to the afflicted parents, and tender sympathy will be extended to them.

Summer Drinks.

Cool, refreshing cherry phosphate on the table days like these do more to make life worth living than all kinds of eatables. Cherry phosphate in bottles for 10, 15, 20 and 25 cents. We also have the delicious, carbonized root beer in ready to drink prepared bottles, 15 cents per quart bottle, and a rebate of 5 cents if return of bottle is made. Sanborn & Co.

CHICAGO MARKETS BY WIRE

Robert Lindblom's Letter On the Condition of Crops and Trade.

Chicago, June 14.—[Special to Byrd & Law, Commission Company]—There is a complete change in the speculative situation today, and unless all signs fail, we are on the eve of a bull turn in everything. The visible supply of wheat decreased more than anybody expected, and goes to confirm the melting away of stocks at every point. There is a fair cash demand all over, and receipts are now down to low point. Provisions have made a material advance today. Receipts of hogs have been excessively large on account of the fear of cholera, and will be smaller from now on. The constantly advancing prices on beef is sure to have an influence on pork and the speculative situation in pork products is the strongest in many years. The bulls will need to have patience, but they will be sure to have more even on land, which is now so much despised. We hear complaints on drought notwithstanding the local rains for the past week, and the corn crop will be more sensitive to that than to any other influence, and that was one of the reasons why corn advanced today.

He Takes Five Lives.

Meridian, Miss., June 14.—News has reached here of the murder of five negroes in the extreme northwestern portion of Kemper country. A negro named Sibley, while crazy drunk on blind tiger whisky, secured a gun and started out to kill every person he met. The first persons he came across happened to be five negroes, three women and two children. He shot them down and left them where they fell. He also shot at six other negroes, who narrowly escaped. As soon as the bloody work of Sibley was discovered a mob was organized to lynch him. Sibley took to the woods, carrying his shot-gun with him, and at last accounts the mob had surrounded him, and a bloody fight was imminent.

Bank-Wreckers Convicted.

New Orleans, La., June 14.—The case of the government against President Henry Gardes, Cashier Girault and Stockholder Thomas H. Underwood, charged with wrecking the American national bank, which has occupied the attention of the court for the last four weeks, was concluded Saturday night. Gardes and Girault were found guilty as charged, while Underwood was acquitted.

The sentences were death in both cases, and the execution may occur during the coming week, unless Washington reverses its protest.

KOHLHOFF IS FINED FOR SELLING MEAT

ROCKFORD JUDGE SCORES
JANESVILLE MAN.

A Fine of \$250 Was Imposed But as the Defendant Could Not Pay, It Simply Hangs Over His Head—Wife Pleaded That He Be Set Free.

Judge Bailey of Rockford, sentenced Frank Kohloff to pay a fine of \$250 for selling diseased meat to Theodore Anderson the Rockford butcher, Saturday. The judge also reprimanded the Janesville man about \$3,000 worth, taking occasion to score him very severely.

Kohloff was brought before Judge Bailey Thursday evening, having pleaded guilty of the crime in order that the matter might be adjusted in the county court rather than let it be delayed until the circuit court term.

Judge Bailey listened intently to the evidence. Seldom is Judge Bailey aroused over an offense, but in this instance he was severe, as the offense merited. Kohloff was criticised and scored until he wept and pleaded for mercy.

Wife Pleads For Him.

The judge would hardly have strained the quality of his mercy and would have been more severe on Kohloff had it not been for a letter received from Kohloff's wife at Janesville. In this letter the wife said there was no bread in the house for herself or child, and pleaded for Kohloff to come home. Judge Bailey told Kohloff ignorance was no excuse for a crime such as he had committed, but on account of his dependent ones his sentence would be made much lighter than he deserved. Then he imposed sentence. The fine will hang over Kohloff merely, as he cannot pay it. Kohloff returned to Janesville Saturday night.

Spring Brook Rumors.

Because J. W. Wasson of 240 McKee Boulevard refused to trade horses yesterday afternoon with three local traders, he was severely handled. The scene was enacted in the quiet addition of Spring Brook yesterday afternoon and Henry Campbell, James Cochrane and William Campbell played the role of the "punchers." Wasson is employed by C. A. Sanborn & Company. Yesterday afternoon he was near his home when along came the three descendants in a wagon. A halt was then made and Wasson says the men proposed a horse trade.

The Row Follows Talk.

This offer Wasson refused. Then they proposed trading for his cow. One word led to another, and in the heat of the discussion it is said that threats were made by all the parties. Wasson, it is said, reached for a stone, but quicker than a wink all three men were on top of him, and each playing a merry tattoo on his face. His clothes were torn and blood flowed from the cuts on his face. The men then made their escape, but were soon captured by the police. This morning in the municipal court, one of the three defendants pleaded guilty, so the other two thought the easiest thing to do was to follow his example. William Campbell was fined \$3 and costs while Henry Campbell and James Cochrane were each fined \$2 and costs which they paid.

Wreckley is Sentenced

Otis Wakeley, of this city, stood before the bar of justice in the municipal court this morning and pleaded guilty to the charge of being a vagrant. He was given ten days in jail. It was stated in court that for the past six months all Wakeley has done was to "take life easy," and that he had no visible means of support. Wakeley did not deny the charge, and this fact had much to do with his going to jail. At first Wakeley was loth to admit his guilt, but finally weakened.

A Boy Was Drunk.

John Conroy, a boy of but twenty years, was sentenced this morning to pay a fine of ten dollars and costs or go to jail for ten days. He went to jail. Conroy was charged with drunkenness, and was arrested yesterday by Chief Hogan. This is not the lad's first appearance in court; four months ago he served a fifteen day sentence for a similar offense.

"Where did you get your liquor?" Judge Phelps enquired.
"A lot of boys had it in a can at the base ball park," Conroy explained.

BADGERS BEAT THE STARS

Small Crowd Watched a Game in the Boiling Sun.

One hundred people sat in the boiling sun on Snipe Hill yesterday and watched a long drawn out and uninteresting game of ball between the Badgers vs the Stars the score being Badgers 16, Stars 6. The Badgers went first to bat and when Umpire George Dougherty called the game at 3 o'clock Aiken was in the pitchers box. He pitched his usual good game striking out ten men. The Stars put Stead in the box for two innings and then Dalton took his place. The outfielding and short stop work was poor on both sides and the frequent losing of the ball required long waits. The teams lined up as follows:

Badgers.	Position.	Stars.
Bugs.	Catcher.	Bugs
M. Sullivan.	Pitcher.	Dalton
T. Sullivan.	1b.	E. Hager
Murphy.	2b.	Minick
Smith.	3b.	Stead
Schultz.	4b.	Maxwell
Costello.	5b.	Casey
Dixon.	6b.	J. Hager

THE HOTTEST DAY OF THE SUMMER

OLD SOL MADE UP LOST TIME
YESTERDAY.

Thermometers Hung About the Ninety-five and Ninety-eight Mark All Day Long—Ready Sale For Soda and Ice Cream—Cyclers Had a Hard Time

OW Good Mr. Sol did beam down on the earth yesterday. And every beam was heated to a white glow. He was making up for lost time, and the man who had been complaining about the cold, was the first one to cry enough. Cyclers who left home ere the sun was up, and with the expectation of enjoying a nice cool trip, ere suddenly jarred when the sun came up above the hills. It is safe to say that every wheelman who ventured out yesterday was a "scorch" for they couldn't be anything else, under the circumstances.

Yesterday proved to be the hottest day of the year and the thermometer lingered about the 95 degree mark throughout the greater part of the day. In several instances cases have been reported where thermometers registered 98 degrees. The excessive heat prevented many of the local cyclers from indulging in out of town runs and but few arrived in the city.

Lively horses suffered as usual although the greater portion of the rigs were let in the cool of the evening. Local manufacturers of ice cream were happy. Restaurant keepers did a rushing business and at two different times cream could not be bought in the city. Soda fountains were equally as well patronized.

At 3 o'clock this afternoon the thermometer at Smith's pharmacy registered 96 degrees above zero.

THEY PUT TACKS IN STREET

Local Cyclers Looking For a Man Who Caused Punctures.

The "tack fiend" has invaded Janesville and many a local cyclist rider would be pleased to make his acquaintance. Saturday evening the police were notified that some one was distributing tacks along South Main street between Court and South First street as well as along Washington street. Seven different riders with tacks snugly imbedded in their tires applied within two hours time Saturday evening at Walter Helms repair shop for relief. In several instances their tires contained two tacks. If the guilty parties are apprehended local cyclists will be united in seeing that the "fiend" is given the law's limit.

"FLAG DAY" MARKED HERE

Janesville People Commemorate the Adoption of the Emblem.

The one hundred and twentieth anniversary of the adoption of the stars and stripes as the flag of the United States, was observed in Janesville today by the floating of flags from the school houses and from a portion of the public buildings. FOR LITTLE FOLKS.

THE THREE GOATS.

They Got Into a Turnip Patch, and Only the Busy Little Bee Got Them Out.

There was once a boy who had three goats. All day they leaped and pranced and skipped and climbed up on the rocky hill, but at night the boy drove them home. One night when he went to meet them the frisky things leaped into a turnip field and he could not get them out. Then the boy sat down on the hillside and cried.

As he sat there a hare came along. "Why do you cry?" asked the hare.

"I cry because I can't get the goats out of the field," answered the boy.

"I'll do it," said the hare. So he tried, but the goats would not come. Then the hare, too, sat down and cried.

Along came a fox. "Why do you cry?" asked the fox.

"I am crying because the boy cries," said the hare, "and the boy is crying because he cannot get the goats out of the turnip field."

"I'll do it," said the fox. So he tried, but the goats would not come. Then the fox also sat down and cried.

Soon after a wolf came along. "Why do you cry?" asked the wolf.

"I am crying because the hare cries," said the fox, "and the hare cries because the boy cries, and the boy cries because he can't get the goats out of the turnip field."

"I'll do it," said the wolf. He tried, but the goats would not leave the field. So he sat down beside the others and began to cry too.

After a little a bee flew over the hill and saw them all sitting there crying. "Why do you cry?" said the bee to the wolf.

"I am crying because the fox cries, and the fox cries because the hare cries, and the hare cries because the boy cries, and the boy cries because he can't get the goats out of the turnip field."

"I'll do it," said the bee. Then the big animals and the boy all stopped crying a moment, to laugh at the tiny bee. He did it, indeed, when they could not! But the tiny bee flew away into the turnip field and lit upon one of the goats and said:

"Buz-z-z-z-z!"

And out ran the goats, every one.—Translated from the Norwegian of Emilie Poulsson.

A Little Mistake.

"Dear me," cried Mr. Bird, "come here, and see this lovely bush, my dear."

"We'll build"—when, much to his dismay, the bush got up and ran away.—Youth's Companion.

Farmers and Mechanics.

This is a quiet kind of game. There is a trade to be discovered, and everything is indicated by signs. Thus when the one who left the room re-enters, if the trade chosen is that of a farmer, one will be reaping in a fine crop of nothing with papa's stick, with another, perhaps, gleaming after him. One, taking hold of the legs of a dining room chair, will form it into a serviceable plow. In one corner a boy will be engaged in thrashing with his sister's parasol, and in another the sister will be busily engaged in making butter in an invisible churn.

If they are mechanics, they may mend their shoes in concert or saw at the chairs with a stick, hammer nails into the pianoforte, plane the rose-wood table, or do anything else, so that they all agree to acting one employment which may form a good indication of their trade. When he who was out guesses it, another takes, his place, and another trade is chosen.—Exchange.

In Contempt.

"That wheel, judge," said the victim of the bicycle thief, "was the finest on the market."

"Stop," cried the judge. "I'll fine you \$10 for contempt. This court rides the finest wheel on the market."—Philadelphia North American.

"A man who tries to argue with a woman is a fool," shouted Mr. Meriboe, as the discussion waxed warm.

"Yes, I've usually found it so," responded Mrs. Meriboe, in her most conciliatory tones.—Chicago Journal.

He Had.

"Smithers seems immensely proud of his wife."

"Well, he has much to be proud of. She weighs 300 pounds."—Cincinnati Commercial Tribune.

Merely a Suggestion.

"A contented ass, as the Portuguese say, enjoys a long life," said Hicks.

"Why didn't you make use of the fact to get a low premium on your insurance policy?" asked Cynicus.—Harlem Life.

For the Same Reason.

She—Why do pugilists shake hands when they go into the ring?

He—For the same reason, I suppose, that two women kiss when they meet on the street.—Yonkers Statesman.

Too Severe a Test.

"Aw! Miss Mawdy, do you believe in thawt transference?"

"Not in your case, Algy."—Chicago Journal.

The Womanly.

Women would not throw mud, oh, no. In politics, as heretofore. The men have done; they'd rather go and track it on each other's floor.—Detroit Journal.

It Looked Like It.

Jill—The fools are not all dead yet!

Bill—What's the matter, old man? Are you contemplating matrimony, too?

GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn

A METHOD TO CURE AND INCREASE THE POWER.

It is a remarkable fact that a man never appreciates the sufferings of others until he himself has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and money gladly for the

benefit of others and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, the natural outcome of habits that brought incapacity; a sense of loneliness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 484, Kalamazoo, Mich. He will send free by mail, in a plain, sealed envelope, full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method that Mr. Slater used to cure himself of the troubles that sap the strength and vigor and also enlarged his organs to natural size. The cure was complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and sufferings of others. There must be generous men in this world to set the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.
